ABOUT US

SAFFRON ENTERPRISES is a trusted organization dedicated to addressing the power and infrastructure needs across various states. We aim to be a catalyst for infrastructure development and its associated activities, promoting better living conditions in the region.

SAFFRON ENTERPRISES has been following the basic tenets of business right from its inception and the principles of integrity, Commitment, fairness and ethics have always been accorded the highest priority.

A state of the art manufacturing facility has been set up for the above purpose and ISO certification has also been obtained for the facility. The location of our factory is ideal for the smooth movement of raw material and finished goods.

SAFFRON ENTERPRISES in a short period of their existence have carved a niche in the pre- fab industry.

Our range of Porta cabins are designed and manufactured as per the standards of ISO. Our Porta-cabins are structurally sturdy, stable, earthquake-proof, weather-proof, termite-proof, leak-proof and can be adopted for any weather conditions. Moreover, these units can be moved or shifted easily with the help of cranes or trailers.
